Judge Curtis D. Wilbur Named to Succeed Denby As Secretary of the Navy

Appointee Wires Acceptance to
President Coolidge and Is
Ready for Duty

IS NAVAL ACADEMY MAN

Soon After Completion of Course
There, Wilbur Takes Up Study of
Law. Eventually Elected Justice of
the Supreme Court of California.

By United Press

WASHINGTON, March 11.—Judge Curtis D. Wilbur of California has been named secretary of the navy to succeed John D. Denby and has accepted the nomination.

Judge Wilbur's nomination will be acted on by the Senate by President Coolidge at once.

The nomination was tendered him last night and the judge will accept it at once.

There will be no formal announcement from the White House. It was stated that the nomination will be sent to the Senate today.

As a member of the Senate, the judge will be in a position to accept the nomination.

Wilbur is chief justice of the California Supreme Court. He was graduated from the Naval Academy in 1885 but resigned from the navy in 1890.

He was chief justice of the California Supreme Court from 1909 to 1917. He was elected to the position in 1917.

He was elected to the position in 1917. He was elected to the position in 1917.

ELECTRIC SWITCH TO BE PLACED IN CRAWFORD AVENUE

Operation of the new one-man car on the South Side branch of the West Penn Railway Company will be facilitated when an electric switch which has been ordered, arrives and is installed in West Crawford avenue at the junction of the South Connellsville line with the main tracks. It will be here in a short time the order having been placed for several weeks.

At present it is necessary to have a track man there to throw the switch as it is impossible for the motorman to operate the car and do this also. The new switch will operate from the trolley opening for the South Connellsville car and closing for main track cars.

The one man service is progressing satisfactorily, Daniel Durio, general superintendent said this morning. The operation of the 1 minute service will continue as long as patronage warrants. Persons are now becoming accustomed to the near-side entrance—boarding of the car at the front instead of the rear.

There will be no formal announcement from the White House. It was stated that the nomination will be sent to the Senate today.

As a member of the Senate, the judge will be in a position to accept the nomination.

TOMORROW FINAL DAY FOR FILING INCOME RETURNS

Collectors Make Another Appeal to Late Ones to Come Early.

SOME PERTINENT POINTERS

Collectors of the income tax today made another appeal to taxpayers to get to the office as early as possible and thereby greatly reduce the rush on the deputies and also cut down the waiting line today and tomorrow.

The rush this year has been far greater than ever before. It is said that the line of taxpayers is expected to be the longest. Three deputies are doing the work in the office at the federal building and hundreds are being turned away.

The office will be open until 8 o'clock tonight and tomorrow, and it will remain open until midnight.

Educational Campaign to Be Considered at Meeting Of I. C. Parish Sunday Night

LIVE FISH-GAME LOCAL IS FORMED AT COOLSPRING

By United Press

The local sportsmen's association organized a live fish game at Coolspring last night, with a record-breaking charter membership of 150.

Robert W. Clark was elected director and A. L. Martin secretary and treasurer.

The following local sportsmen helped the Coolspring local to get started: H. J. Krepps, Ralph D. Hyatt, J. S. Hines, H. A. Hinson, H. C. Kahns, also Deputy Game Warden J. W. Miles of South Connellsville. State Game Protector R. C. Bryson of Clark Hill and J. Frank Bailey of Pleasant were among those present.

State Fire Warden T. J. Bivins gave a very interesting talk on fire prevention methods.

Applicants were received from groups of sportsmen in three other towns who are desirous of forming locals.

The county organization now has a membership of over 1,200.

ESPER SONG SERVICE.
The choir of the First Presbyterian Church will render another of its popular song services at the church Sunday evening. The service will be at 8 o'clock. Preceding this, beginning at 4:45 Mrs. J. M. Dilworth will give a brief organ recital, playing the following selections:
"Prelude No. 1," Alfred Silver.
"Jesus Dwell," Grier.
"Idyll," Ralph Kinder.
This part of the services will begin at 4:45 o'clock.

The program for the vesper service is as follows:
Anthem, "Incline Thine Ear," chorus choir.
Duet, "Send Out Thy Light," Mrs. Frisbee and Mr. Laine.
Mixed quartet, "The Homeland, O the Homeland," Mrs. Griffiths, Mrs. Thomas, Mr. Griffiths, Mr. Gardner.
Duet, "God Shall Wipe Away All Tears," Mr. Davis and Miss Morley.
Soprano solo, "Solaced," Mrs. L. H. Tutwiler.

Offertory, "Adoration" (Holy City), Mrs. Dilworth.
Anthem, "To Death," chorus choir with mixed quartet.

Duet, "Jesus, Savior, Pilot Me," Mr. and Mrs. Thomas.
Male quartet, "I Will Be Glad," Messrs. Griffiths, Thomas, Laine and Gardner.

Trio, "Lift Thine Eyes to the Mountain," Mrs. Frisbee, Miss Morley and Mrs. Tutwiler.

Duet, "No Hope Beyond," Mr. Griffiths and Mr. Gardner.
Mixed quartet, "Jesus Lover of My Soul," Mrs. Frisbee, Miss Morley, Mr. Davis and Mr. Gardner.

Anthem, "I Behold and Lo," chorus choir.
Postlude, "Marche Pontificale," Mrs. Dilworth.

The personnel of the choir by soprano, Mrs. Frisbee, Miss Sara Davis, Mrs. Griffiths, Mrs. Dean, Miss Dorothy Anderson and Mrs. Tutwiler; alto, Mrs. Thomas, Mrs. Haines, Mrs. Double and Miss Morley; tenors, Messrs. Davis, Thomas, Griffiths and Laine; basses, Messrs. Gardner, Dean, Frisbee and Double; leader, Mrs. Fred Frisbee; organist, Mrs. J. Montgomery Dilworth.

Daughters of Ruth.
The Daughters of Ruth Bible class of Trinity Lutheran Church met at the home of Miss Pearl Keck, with Mrs. Keck as hostess, with Misses Sally Seaton, Bess Bower, Maudie Rehn, Marie, Minerva Keffer and Mrs. O. H. Slick as aids. The meeting opened with the reading of the 101st Psalm and of a prayer by Dr. White. Ten dollars, fifty-five cents was turned in by Mrs. E. K. Moser, the proceeds of the tea that was given at her home in January, and \$26.58, the proceeds of the auction sale that Misses Hattie and Mary Johnson gave in February. The April meeting will be at the home of Mrs. O. H. Slick in North Pittsburg street, with Mrs. Walker, Mrs. Leonard, Mrs. Shultz, Mrs. Lackey, Mrs. Rutherford and Mrs. Bewick as joint hostesses. At the April meeting all the garments that the girls of the class are making are to be finished and turned in ready for shipment to the Zoltenople Orphan's Home, and the savings banks are to be brought to the meeting and opened. Every member of the class is requested to be there.

Invitations Are Issued.
Invitations to the second annual Springtime Frolics of the Unity Fraternity, to be held on St. Patrick's Day, Monday, March 17, were issued this afternoon. The affair will be held in the Kiwanis Club rooms at the Carnegie Trust Library. It will be the final frat dance before its sixth annual Easter reception, scheduled for Monday, April 21.

Anniversary Banquet.
Laurinda Chapter, Order of the Eastern Star of Uniontown, has issued invitations for an anniversary banquet to be held Thursday evening, March 27, at 8 o'clock, at the Ansbury Methodist Episcopal Church, Uniontown.

Takes pills for years—finds first permanent relief in Kellogg's Bran

Have you found permanent relief from that terrible disease—constipation? The woman whose letter follows discovered—as thousands have discovered—that Kellogg's Bran succeeds when all else fails. This is because Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. This is what she wrote:

"I am so wonderfully happy over my discovery. I feel I must tell the world about it. For years I have been in continually from constipation, always resorting to pills or the like, never having any permanent relief until I heard of your Krumbled Bran. Every morning I take two tablespoonfuls before my breakfast—and since the latter part of August I must admit that I have had no constipation at all. I have had for years. I have started my little girl

of four years on your Bran, and already I have noticed a change in her. I thank you.
Name and address furnished on request. Write to Kellogg Co., Battle Creek, Mich.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to relieve permanently the most chronic cases of constipation. Eat at least two tablespoonfuls daily—in chronic cases, with every meal. Money returned if not effective.

Notice the wonderful nut-like flavor. This flavor is delicious—so different from ordinary, unpalatable bran. Kellogg's Bran, cooked and krumbled, made in Battle Creek, is served by America's leading hotels and clubs. Demand Kellogg's Bran. It will bring back your health. Start eating it today. Sold by all grocers.

J. W. Kincaid of Cincinnati, Ohio.

MOTHERS AND THEIR CHILDREN

Making Children Responsible.
On Mother Says
I used to remind my children at every time telling them to remember this and that, to be sure to do some little task set by the teacher not to neglect some obligation or other. I found them getting more headless each day. Then I stopped reminding them altogether though it was hard for me to do. When they forget they suffer the consequences and the lessons of disappointments are teaching them more than any reminding ever did.

Copyright 1925 Associated Editors

and C. A. Kincaid and daughter Miss Lida and son-in-law Campbell Kincaid all of Covington, Va. are visiting Mr. and Mrs. J. G. Kincaid at West Cedar avenue. J. G. and C. A. Kincaid are brothers of J. G. A. Kincaid who has been confined to his bed for the past eight weeks.

\$19.75

Every Frock Has A Fabric—Style and Color—All Its Own

FASHIONED in Canton, Satin Cantons, Georgettes, Misses Fantasia, Roshanara, Haas Bros. Karmanian Brocade and Golding's Crepe Cassanova.

FEATURING individual creations, clever adaptations, and novel style originations—New in treatment, and new in effect.

IN COLORS All the new Wood Shades—Poudre Blue—Pan Green—Antichoke—Gray—Fallow and the usual Black, Navy and Brown.

ILLUSTRATED

[F]
SATIN CANTON—the favorite of the mode lends itself to this novel combination of Fan-tasia treated in this charming model.

[G]
THE ILLUSTRATION shows the back of this frock fashioned in Canton and the beautiful two-toned fabric—Karmanian Brocade—which forms the trimming on back panel, cuff and skirt.

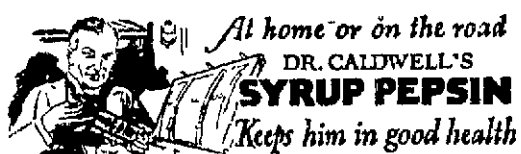

[H]
THIS SLENDERIZING Frock is smartly tailored in Satin Canton and attractively trimmed in heavy silk braid. Loose bands of self-fabric add a unique touch to the skirt.

[I]
THIS DASHING NEW Sport Frock appears in Roshanara, featuring the popular apron effect, a roll collar of contrasting shade and a silk tassel.

[J]
THE SPIRIT OF YOUTH is reflected in this frock of Satin Canton. The skirt is embroidered with contrasting color silk thread and flower designs. Velvet Ribbon ties the sash and trims with bows the Puff Collar.

CONNELLSVILLE'S BEST STORE

Clogged-Up? Here's Quick Aid

NEVER mind what you are using now for constipation. For all you know there is a better remedy. The next time you are clogged up try Dr. Caldwell's Syrup Pepsin. A laxative successfully used for 30 years, the largest selling liquid laxative in the world. Mrs. J. A. Gual of Harrisburg, Ind., constipated all her life. Her stomach injured from years of pill taking is now functioning daily since taking Syrup Pepsin and Dr. Caldwell's Syrup Pepsin. (This is a true story.) For three years not relieved after a few doses. The lot of successful users of Dr. Caldwell's Syrup Pepsin is naturally large as over 10 million bottles are sold annually.

Formula on Every Package
Get yourself a bottle at a drug store, the cost being less than a cent a dose. Take a spoonful at bedtime for a few nights and we guarantee that the most chronic constipation will be relieved, or refund your money. A few doses in succession on a box in the stomach comes to rest for themselves. Many, however, take it once.

Want to Try It Free Before Buying?
Syrup Pepsin, 517 Washington St., Monticello, Ill. is a good laxative and will take to prove what you do not have complete bowel movement. Take it guarantee for constipation, torpid liver, dyspepsia, biliousness, sour stomach, headache, lack of appetite. A spoonful in the first glass of coffee will kill a cold overnight. Halt the ailments of winter start with constipation followed by a cold.

Not more than one free trial bottle to a family.

Chloroforms Sweetheart, Holds Her in Arms Until Spark of Life Has Fled

By United Press
PHILADELPHIA, March 11—Harold W. Dorn of this city today confessed to the murder of his sweetheart Louise Bruppacher of Northtown the night of March 1.
Dorn, who boarded at the girl's home for a year, was declared he went to her room the night of March 1 after she had retired. He stated he applied chloroform to her neck as she slept and that she died of asphyxiation.
Dorn, who is in custody, chloroformed his victim in a room led to his apartment. He is declared to be the reason for his act. He is being held charged with the girl's murder.

Finchot and Snyder To Fight It Out Through Papers

By United Press
PITTSBURGH, March 11—R. F. Finchot and J. H. Snyder, both of this city, today announced that they would fight it out through the papers.

FOR BAD COLDS

"The quickest, surest and safest relief for colds that has ever been compounded."
Mann's Cold Remedy is prepared for relieving colds in the head, throat, lungs and for shocking fever, nasal discharge and the aches and pains caused by colds, grippe and bronchitis. Don't tarry with a cold. Don't take unnecessary risks. Let Mann's Cold Remedy make you well. At all druggists.

your two Governor's articles it is undoubted that the Capital are to be furnished to every newspaper in the state.
Snyder's relative notes will likewise be offered for publication.

Both Guessing

A well known artist whose picture of a group of angels had created a sensation came across a pavement artist. "I am so-and-so," he said. "I painted the picture of the angels of which everyone is talking. Your work shows promise, but what is that fish you are drawing?"
A student, Mr. replied the man. "But have you ever seen a star?"
"Have you ever seen an angel?"

DRILLING HAZARD DOWN RESERVE REINFORCED

By United Press
CHICAGO, March 11—A temporary injunction today restrained the Municipal Oil Company, a Shell subsidiary, from drilling on Teapot Dome No. 1 oil reserve while Presidential counsel was enroute to take a look at the place. The injunction was issued by Judge J. Blake Kennel in the federal court at Chicago. The injunction is a standard injunction given on petition of Attorney General Clegg. The injunction is to be enforced by the United States Marshal at Chicago.

Grim Reaper

JOHN B. MOLONEY
Many relatives and friends attended the funeral service for John B. Moloney held this morning at 9 o'clock at the Immaculate Conception Church. Requiem high mass was celebrated by Rev. Father Henry Gohel the church pastor. Pittsburg was represented by J. J. Harper, W. J. Kelly, M. J. Rolan, P. J. Tormay, James Moore and Harry Tippman. The interment was made in St. Joseph's Cemetery.

J. J. GORMLEY

The funeral of J. J. Gormley, who died Wednesday night at Mercy Hospital, Pittsburg, will be held Monday morning at 10 o'clock at his home at Brookline followed by a solemn high mass of requiem at the Church of the Resurrection.

MRS. F. NIE McFADDEN

Mrs. F. N. McFadden, 77 years old, died at her home at 11th street.

The funeral service will be held

Sunday at 2 o'clock from the Methodist Episcopal Church at Brookline.

Bookkeeper Falls Heir to Fortune

Upon the death of an uncle inherited \$50,000 I gave up my position and intended enjoying myself when I was stricken with a severe case of stomach trouble and colic attacks. Two of these attacks made me lose consciousness. After treating with our best doctors with little benefit, I decided to try Miss A. J. Clark's Wonderful Stomach Remedy, and it helped me at once. I have been entirely well for past year. It is a simple harmless preparation that removes the intestinal mucus from the intestinal tract and always the inflammation which causes practically all stomach liver and intestinal ailments including appendicitis. One dose will convince or money refunded. A. J. Clark's Wonderful Stomach Remedy is everywhere. — Advertisement.

MOUNT PLEASANT MISSION WOMEN ELECT OFFICERS

Mrs. J. D. Good, President of
United Brethren Church
Society.

OTHER NEWS OF THE DAY

Special to The Courier.
MOUNT PLEASANT, March 14.—The Ladies' Missionary Society of the United Brethren Church held its annual meeting at the home of Mrs. Stacey, Monday afternoon. The committee on entertainment was made up of Mrs. Forst, Mrs. Charles Forst, Mrs. Andrew Rehmsiek and Mrs. Edward Lamb. Officers elected for the coming year were: President, Mrs. J. D. Good; vice-president, Mrs. C. E. Muller; secretary, Mrs. M. A. Klag; treasurer, Mrs. Emma Thiesman; thank-offering secretary, Mrs. A. T. Collins; secretary of literature, Mrs. A. G. Pace; collectors, Mrs. Blaine Goldsmith and Mrs. Ira Vance. Mrs. A. T. Collins had charge of the meeting. The thank-offering was \$105.50. A special collection was received for the Vera Blinn picture. Two new members were secured. During the past year seven new life members were secured, one new life director, and one new life patron. At the close of the meeting refreshments were served.

At Charter Presentation.
Attorney Eugene Warden, M. A. King, A. G. Pace and Charles Evans were at Derry last evening attending a Rotary Club meeting. The Derry Rotarians were given their charter.

Gift Names Officers.
The Otterbein Guild was entertained at the United Brethren Church last evening by the patroness, Mrs. Lawrence Sherrick. The following officers were elected: Patroness, Mrs. Sherrick; president, Miss Katherine Sherrick; vice-president, Miss Sara Sherrick; secretary, Miss Armand Quere; treasurer, Mildred Edmund.

Have Kidneys Examined by Your Doctor

Take Salts to Wash Kidneys if Back
Pains You or Bladder
Bothers.

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help relieve these irritating acids, to help cleanse the kidneys and flush out the body's various waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

Meyersdale

MEYERSDALE, March 14.—The funeral services of Rev. John A. Ditzler was held Wednesday afternoon in Amity Reformed Church. Rev. F. C. Seitz of Greensburg, assisted by Rev. L. P. Skyles of Cumberland officiating. The church choir rendered several hymns and Prof. Karl Lohr sang a solo. The auditorium of the church was crowded and many were unable to get standing room. After the body lay in state hundreds of people visited the church and viewed the remains. The floral offerings were numerous and handsome. The party left on train No. 16 for Hanover where services were conducted Thursday morning, followed by interment. The remains were accompanied from here by about 20 of his church members.

Raymond Derry and M. J. Livingston went to Wheeling yesterday to see Mrs. Derry, who has been in the hospital there for the past week and who will undergo an operation today.

Miss Grace Hoover visited in Cumberland Wednesday.

Piles

Can't Be Cured From the Outside.
External treatments seldom cure piles. Nor do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins inflamed. The bowel walls are weak, the parts almost dead.
To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through the stagnant point. Internal treatment is the one safe method.
J. S. Leonard, M. D., set at work some years ago to find a real internal cure. He succeeded. He named the prescription Hem-Roid, and tried it in 1000 cases before he was satisfied. Now Hem-Roid is sold by druggists everywhere under guarantee. It's easy to take, and can always be found at Connelville Drug Co., who will gladly refund the purchase price to any dissatisfied customer.—Advertisement.

GRATEFUL PARENTS POUR OUT THANKS TO TANLAC

Mr.
Joseph E. KAAKE
and Family

The value of Tanlac as a family medicine and tonic is again very forcefully demonstrated. This time in the home of Mr. and Mrs. Joseph E. Kaake, 2323 Kirby Ave., West, Detroit, Mich., where father and mother and every member of the family have been benefited by the wholesome and helpful ingredients of the famous preparation.

Recently, in speaking for herself and children, Mrs. Kaake said: "For more than a year our three little ones—John, age 6, Edwin, 3, and Margaret, 2—had been so pecked and helpless that we were seriously worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless, and during the day they would just mope around, taking no interest in play or anything else. "They began to eat and sleep better almost from the first dose of Tanlac, and have picked up now until you couldn't find three healthier or more active children in all Detroit. They eat ravenously, the color of health has returned to their cheeks, and they just want to be on the go all the time. I have also taken Tanlac to build me up, and it never seems to fail."

"As to my personal experience with Tanlac," said Mr. Kaake, "I simply can't express in words the great help it gave me. About a year ago I was

a victim of boils, actually having fifty-one on me, and was so pained out that I couldn't do a bit of work for weeks. My suffering was almost unbearable. I cared little for food, suffered with severe headaches and stomach pains, and got so weak and nervous that I felt discouraged. "Tanalac corrected my stomach disorders, woke up my appetite, cleansed my blood and toned up my system so that the boils went away, and nothing of the kind has bothered me since. I have gained 25 lbs., and I eat, sleep and feel like a brand-new man. We have given Tanlac a fair trial and found it wonderful, and if anyone doubts our statement they can write personally. We wouldn't think of being without Tanlac."

Tanalac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills—Ad-
vertisement.

Wright-Metzler's Fashion Show Gives Comprehensive Idea of What's to Be Worn

Two-Day Event Draws Thousands to See What Spring Has in Store.

CHOICE SEEMS UNLIMITED

The approach of spring was heralded by the semi-annual opening of the Wright-Metzler Company held yesterday and today. The event is one of much interest, especially to feminine seekers of fashion, and both days the store was filled with persons who were eager to view the large and comprehensive showing of merchandise on display for their inspection and approval.

Never did the store present a more beautiful appearance. The decorations, in charge of C. E. Huse, were arranged in Chinese effect and were especially artistic. The pillars were adorned with multi-colored Chinese lamps, some embellished with attractive scenes, and great clusters of flowers. Many large floral baskets were suspended from the ceilings, producing a very pretty effect. Ferns and fragrant potted spring plants placed on the counters added charm to the effect. The semi-decorative scheme was carried out in the two large display windows, which were devoted to a showing of men's wear, ladies' evening gowns, wraps and hats.

The sudden development of the colored suit will be of much interest to many. Some are designed with straight boyish coats, draped around skirts, made for easy stride, emphasizing as they do, simplicity, youthfulness and good taste. The jackets are cut softly to fit the figure and some feature the open collar. Among the most fashionable materials are pencil striped, variegated, polka-dot, English covers, and herringbone twills. It is predicted that the suit skirts will be worn much shorter. There is a wonderful showing of dresses introduced the newest styles, tendencies and suitable for morning, afternoon and evening wear. Many are beautifully embroidered or beaded. Sleeves of the tailored frocks are long and tight and, for afternoon

wear, short. Most of the evening gowns are sleeveless. If the waistline exists, and generally it does not, it is kept at the hip. Black, over colors, is extremely smart for evening wear.

The spring and summer coat, an important accessory to Milady's wardrobe, was displayed in over so many smart models. They are fashioned of rich and luxurious fabrics. Some are fur trimmed and others are fashioned along the more tailored lines. Popular colors are Lanvin green, the various shades of taupe. Black is also very good.

With the return of the tailored suit, blouses will be more popular than ever and it will be an easy matter to choose from the beautiful display of tailored and fancy models shown in the waist department.

Some are fashioned of plain, and printed silks and others of voile and other cotton fabrics.

Many of the new skirts have a contrasting band at the bottom to correspond with the blouse or sweater. To be smart this spring one must own one or more of the stunning sweaters which are shown in coat, tunic and vest effects.

The millinery parlors were in glad attire for the occasion, the beautiful decorations and the exclusive showing of millinery presenting a scene of such beauty. Never were styles in millinery as lovely or becoming. For those who do not care for the cloche hat, which is still extremely smart, there is the off-the-face-hat, the turban and the mushroom hat, they ought to wear with a tailored suit, yet not too small or severe for wear with dresses. The popular trimmings are flowers, ostrich feathers, some encircling the hat and others arranged in applied effect, ribbon and rhinestone pins and bands. Cocoa, artichoke, navy and violet are popular colors. Black and white combinations are very smart. The infants' and children's departments were not overlooked, dainty garments for the little ones being attractively displayed.

The art needlework department showed the newest designs in children's dresses, underwear, luncheon suits, etc. The newest crochets,

which are more vivid than heretofore, gold and blue predominating, attracted considerable attention, as did the curtain fabrics, including rich laces, easement cloth and beautiful silk draperies. Patchwork, brocade, which are decidedly new, and blankets in colors to correspond, were neatly displayed.

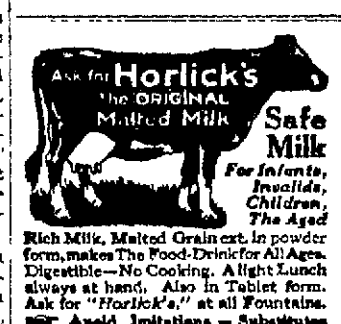

The dress goods department on the first floor never had on display a larger or more comprehensive showing of silks and cotton fabrics. The Chinese colors predominate in the printed and plain crepes, which are lovelier than ever. It would be impossible to describe the many beautiful colors and designs in which the fabrics are shown.

In the wash goods department were shown plain and printed cotton, silk and cotton fabrics with the Chinese influence as to printing and colors, non-crushable dress linens, ginghams, etc. The decorative and staple linens shown were more beautiful than ever. The display cases were devoted to an exclusive showing of purses, including hand tooled bags, imported beaded purses and bags more suitable for tailored costumes, the newest novelties in jewelry, gloves, with the detailed cuffs and novelty effects, lace, including fish crochet, knit and imitations in all the popular widths and colors, and the usual line of high grade toilet articles, stationery and hosiery.

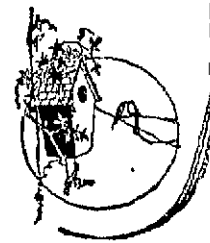

The smartest footwear is the grey suede pump, featuring the straps and the cut-outs of an entirely different design. In popularity the albinos suede pump comes second, the black satin pump third and the patent-leather pump fourth. The Holly-wood sandals are also very smart.

The most correct fashions in men's suits, hats, and other necessities in a man's wardrobe, were attractively displayed in the men's furnishing department.

New china, glassware, lamps, etc., were neatly displayed in the household furnishing department, while the carpet department showed the very newest designs in rugs, carpets, curtains, draperies and linoleums.

OPEN LIGHTS ARE CONSTANT MENACE TO LIFE IN MINES

Have Caused Approximately
3,000 Deaths in 17 Years,
Says Mines Bureau.

ELECTRIC LAMPS SAFER

Warning that the several hundred thousand open lights daily carried in the coal mines of the United States are a constant menace to life and property through danger of fire or explosion is given by the Department of the Interior. A recent study of the disaster files of the Bureau of Mines, covering a period of 18 years, reveals the fact that the use of open lights was the attributed cause of seven fires and 102 explosions in coal mines, and of four fires in metal mines, in the United States. These disasters were responsible for the death of 2,341 men, injury to 378 miners, and great damage to property, in some instances the mine being entirely wrecked. These totals do not include several hundred lives lost in explosions caused by matches or matches either to light a pipe or to light an unlocked and unapproved flame safety lamp. Nor is there included a large number of cases in which there was doubt as to the actual cause of ignition, although the facts pointed fairly clearly to the open light. If all of these disasters were included the Bureau of Mines believes that the total fatalities would approximate 3,000.

Flame safety lamps have been available for over 100 years, but during the last 10 years safe and practical electric lamps have been perfected. These have eliminated many of the flame safety lamps, and in a few mines have replaced open flame lamps. But there are still more than twice as many open lamps as electric lamps in the mines of the United States, all of which the Bureau of Mines declares should be discarded in favor of an approved type of electric lamp. There are several electric miners' lamps which have been approved by the Bureau for safety and efficiency, which give good light, and which are easily maintained and carried. Some flame safety lamps will always be used, but mostly for detecting gas; although they might be supplemented if some simple, reliable, and cheap gas detector were developed.

An open light and gas constitute a serious hazard, while if there is dust present in the vicinity the consequences are multiplied many times. An open light and black blasting powder also constitute an explosion hazard, vividly attested by several serious disasters.

Gas is released from the coal formation in numerous ways—by small openings of blowers in the coal; by falls of rock; by drilling into or blasting faults, horsebacks, and clay veins; from the floor—and in some places may even leak into the workings from a gas well. Nobody can say that gas will not be encountered, but it can be said that it may be sooner or later. Therefore, as a definite safety measure, the Bureau of Mines holds that the possibility of a gas release is ever present in coal mines, and that closed lights should be used. In other words, the open light is unsafe.

Stubborn Coughs Stop Quick With Home Made Cough Mixture

Not until you make your own cough mixture—a half pint of it for a good quart—will you know how easy it is to stop any bad persistent cough as it by magic.

It's pleasant-tasting, but that don't stop it from knocking out a cough quicker than anything else in the world. Children love it.

Get from Connellsville Drug Co. or any druggist one ounce of Eucalypti (leaves) or eucalypti—this add a little of "sugar" sugar a directed, and a little water to make one-half pint—that's all there is to it.

This loosens the phlegm, stops the irritation, allays the inflammation, clears out choked nostrils, makes breathing easier, and causes sore throat and hoarseness to disappear.

With speed almost beyond belief this home made cough mixture stops the loudest hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing healing so the inflamed and bleeding comes at once. Advertisement.

Employment Aids Ignored

Juvenile unemployment centers, or tabernacles in England by the co-operation of the industrial cities of education and labor to assist and protect school boys and girls between the ages of fourteen and sixteen on a whole work, have not been entirely successful at Middle Tennessee. The object was to teach the youths to better the lot, and to give them a "trade" and a "home" in the community. The "home" was a small house, and the "trade" was a job. The youths were to be trained in the "trade" and to be given a "home" in the community. The "home" was a small house, and the "trade" was a job. The youths were to be trained in the "trade" and to be given a "home" in the community.

Every Man's Problem

An old high school teacher was telling a group of his people in the city of St. Louis, and again repeat the words: "There will be weeping, wailing, and gnashing of teeth." A would-be wit at the back of the hall called out: "What about those that have no teeth?" The minister looked down over his glasses and said with great solemnity and complete conviction: "Teeth will be provided."

DOCTOR'S PRESCRIPTION AMAZING SUCCESS OVERCOMES KIDNEY AILMENTS AND BACKACHE

Thousands Die Yearly Who Ought Not to Die—Kidney Troubles Kill Them. It's Guaranteed.

The small delicate stoves in the kidneys close up—the poisons that should strain through and pass out with the water back up and get into the system—this means uremic poisoning and may mean the loss of some loved one.

If you have backache or frequent headaches, if your sleep is disturbed and you get up in the night, if your eyes are puffy and palms moist cut out this notice take it to your druggist and say, "This is what I want Dr. Carey's Marshroot Prescription No. 777." You can always get it in liquid or tablet form at Connellsville Drug Co., C. Roy Hartzel, both are equally effective.

Best for all of us to look the facts in the face and heed nature's plain danger signals. The life work of Dr. Daniel C. Carey was the study of diseases of the urinary system and his famous prescription of roots and herbs known the country over as Dr. Carey's Marshroot Prescription 777 has helped others to get well—and stay well.

Historical Places Throughout State Will Be Marked

By United Press.
PHILADELPHIA, March 11. — Markers of appropriate design to be placed at points of great historical interest to the State of Pennsylvania will soon be distributed throughout the Commonwealth if plans of the State Historical Commission work out.

Albert Cooke Myers, secretary of the state commission, said that Henry Tasson, both of Philadelphia, have been named a committee to prepare a design for the markers. Residents of Fulton county have already petitioned the commission for a marker at the site of Fort Litchton.

March Issue of Dunbar Township High School Sentinel Notable One

The March issue of the "Sentinel," Dunbar Township High School's paper, was distributed Wednesday to subscribers. This issue contains 82 pages, and its general makeup is praiseworthy. It is divided into eight departments: editorial, alumni, athletics, better English, school, exchange, staff and literary, the last one having five subdivisions.

With Virginia McIlvorn, Katy Starnie, Vincent Lipovsky, Mary Crawford, Melvin Sklar, Pete Horvath, Edward Miller and Edward Kosmowicz and Elton H. Hickman as faculty advisor, the staff has only students who are among the leaders in their classes. They are appointed to their positions by W. E. Fieholt, principal of the high school, who studies their character, scholarship, leadership, service and ability before appointing them.

The students contribute articles to the paper, and all articles of value are published. The paper helps to keep the bond between the students and the alumni association stronger, and the latter learning of the school activities by reading the paper.

The ideals for the Sentinel are: First, a clean, wholesome, interesting magazine of a high literary quality, providing entertainment, information and inspiration to its readers.

Second, a paper of the students, by the students—the work of the largest possible number of student contributors and of a large hard-working student body and every family represented in the school either through pupils or through alumni subscribers.

Third, a paper which fearlessly voices the needs of the high school through its editorial department and champions its well being at all times.

Fourth, a paper of so high quality that it can profitably be studied in all the English classes, and can be used as the basis of much composition work both in the grade schools and in the high school.

Lastly, a paper whose keynote is service, service to the high school and all its departments, and to the grade schools; a magazine, in fact, not merely the high school's paper, but in a larger sense the township's paper.

Confluence

CONFLUENCE, March 14.—The J. O. L. Glass of the Methodist Episcopal Church was entertained Tuesday evening at the home of Mrs. P. E. Vincent by Mrs. Vincent and Mrs. Fred Wilhelm. A large number was present and a very enjoyable evening was spent by all. A fine lunch was served by Mrs. Vincent and Mrs. Wilhelm. Clyde Bowers' new building on Ross street is nearing completion.

On account of the bad condition of the roads the Addison mill man, Scott Keim, was unable to make the trip the last few days.

Revival meetings will open in the Methodist Episcopal Church Sunday evening for a period of several weeks in charge of the pastor, Rev. L. H. Powell.

W. H. Heam was a business visitor to Somerset yesterday.

Charles McMillen of the Fair Oak Coal Company, has returned from a business visit to Johnstown.

John Rhoads of Harnedsville was in town on business yesterday.

W. H. Whitelair of near Terra Alta, W. Va., was in town yesterday transacting business.

Joseph Heam has returned from a business visit to Connelville and Uniontown.

Mrs. Hyslop left yesterday for a visit with friends at Connelville.

Frank Croff was a business visitor to Rockwood yesterday.

John Black has returned to his home at Dawson after being here attending the funeral of Mrs. Sophia Pullin.

Mr. and Mrs. Samuel Thomas have returned from a visit to Reith.

Leaves Hill returned to his home at Pulling Waters, W. Va., after being called here with his family to attend the funeral of Mrs. Hill's grandmother, Mrs. Pullin. Mrs. Hill and the children will remain here visiting her parents, Mr. and Mrs. V. M. Black for several days.

Mrs. A. B. Kurtz has returned to her home in Connelville after being here attending the funeral of Mrs. Sophia Pullin. She was accompanied home by Miss Jean Black, her niece.

James McQuinn of Meyersdale was in town on business yesterday.

C. R. McDonald of the West Side, who is recovering from a severe illness, is visiting his son-in-law and daughter, Mr. and Mrs. J. H. Weaver of Smithfield.

The Paramount

"THE THRILL CHASER," in which Hoot Gibson is seen in a story of unusual adventure and romance with intimate flashes of many screen possibilities, is on view today and tomorrow at the Paramount. "He can't be a sheik without a mustache!" Thus quoth Director Edward Sedgwick as Omar K. Jenkins, cowboy extra, ranged into position to double for Rudolph Bligdo. This chin-furred movie hero feared to flit on his heels, he but his make-up. So Omar agreed to take his place for \$20-\$22 a man. And now Omar K. Jenkins, by the merest trick of fate, was doubling again this time not for a movie hero, but for a real sheik who was just in fear of getting mugged up in Arabia as Rudolph Bligdo had been at Liverpool City. This time the danger was real. The probability of having a semiteer stuck into his interior economy was present every night when he sought his desert couch, and all the more so since he had fallen desperately in love with the Princess, the sheik intended to marry, once his double had disposed of his rival. Can you imagine this cowboy Lothario bartering into the Sultan's house to visit the princess? If you can, just imagine what happened when the sheik's deadly rival discovered him there.

The Soisson

"THE COUNTRY KID"—Which opened for a three-day run at the Soisson Theatre yesterday, showed beyond the shadow of a doubt that Wesley Barry has won for himself a warm spot in the hearts of the people of this city. Indeed the applause showed that there is not a person who would not go a good bit out of his way to see Wesley in each succeeding new film.

In this picture, Wesley Barry steps into a new role, one he has not yet played. Heretofore he always played the part of the happy-go-lucky, carefree youngster out to get the most fun he possibly could out of everything. But in "The Country Kid," he assumes the responsibility of both father and mother to his two orphan brothers.

And it's a pathetic story too. Left fatherless and motherless, all alone in the world Ben Applegate with his two younger brothers, Joe and Andy, is thrown upon his own finite resources. It is a long grim fight he puts up to keep intact the old home and impoverished farm that shelters his orphan brothers, whom he dearly loves.

Monday, Tuesday and Wednesday, Mary Alden will be seen in "Steadfast Hearts."

The Orpheum

"THE CALL OF THE CANYON"—The feature picture today and Saturday at the Orpheum is a Paramount picture adapted from Zane Grey's popular novel. Here and Lois Wilson appear in the leading roles.

The picture tells of Curley Burch, a cowboy, who is the rich, who is to be married to Glenn Kilbourne a World War veteran. He becomes disgusted with the shallowness of their frivolous society life and gladly obeys his doctor's orders to go to Arizona for his health.

Glenn, says with an Arizona ranching family, the Huttons, and Flo, the daughter of the house, falls in love with him. But he is true to Curley, though he loves Curley still deeply in love with him, journeys to Arizona to see him. The audience of everything disposes her. She attends a ranch dance in a very delicate evening gown and is lured by a sheep-headed Glenn. She tries to get Glenn to go back East with her but he will not go. She returns home to live her old life only to find it tedious.

In her absence, Glenn to save Flo Hutton's life and in gratitude for her devotion, is about to marry her when Curley returns to Arizona. He realizes that he loves Flo, and in the end, he and Glenn and Curley look at each other with the full assurance that their troubles are over. The climax is strong and effective.

Monday, Tuesday and Wednesday of next week "To the Last Man" will be shown.

BILLS IN CONGRESS TO EXTEND PRESENT R. R. LABOR BOARD

To Include Four Adjustment
Boards to Deal With
Different Groups.

HAS A BIG SALARY LIST

WASHINGTON, March 14.—Senator Howell of Nebraska has introduced a bill which is intended to establish a Board of Mediation and Conciliation for the purpose of handling labor disputes of railroad employees. The bill would separate the employees as between officers and employees and is an extended elaboration of the present Railway Labor Board, except that the proposed legislation would create a general board and then create several subordinate boards to be described as Board No. 1 would be composed of 11 members, seven members consisting the labor group and seven consisting the management group representing the carriers; all 11 to be appointed by the president. It provides that the labor group shall consist of engineers, firemen, trainmen, etc.

Board No. 2 will also consist of 11 members and a labor group will be made up of machinists, blacksmiths, boilermakers, etc. Board No. 3 will be composed of six members; three representing the labor group and made up from employees such as warehousemen, stationary engineers and shop laborers. Board No. 4 would be composed of six members, three representing the labor group representing the four-hour men, marine engineers and pilots. Members of any board shall be appointed for a term of three years.

The Board of Mediation and Conciliation shall consist of five commissioners at a salary of \$12,000 per annum, to be appointed by the president, and will act somewhat like a Supreme Court to which appeals from the various boards may be taken. It provides that should the board be unsuccessful in bringing about a settlement it will exert every effort to induce the parties to submit the controversy to arbitration.

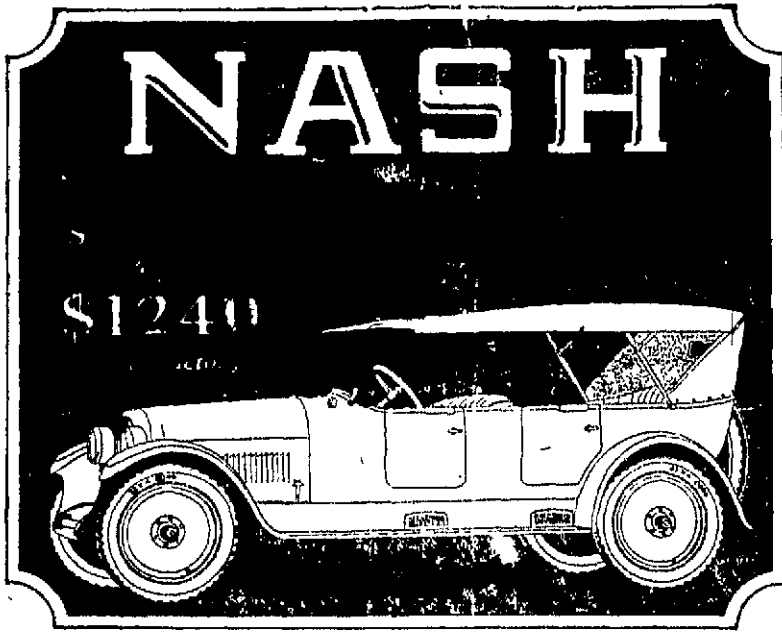

The headquarters of the boards will be at Chicago. Each will have a secretary at a salary of \$4,000 per annum and shall employ and fix the salaries of such employees as may be necessary.

The records of all carriers shall be open at all times to the board under a penalty of \$500 each day for refusal or failure to disclose records. Each member's salary of an adjustment board will be \$4,000 per annum to be paid by the United States Treasury. This means should this bill be enacted members of four boards with a salary of \$7,000 per annum and a secretary to each at \$1,000 per annum, a total of \$12,000 per annum for each of five members with salaries of \$12,000 per annum and a secretary at \$1,000 will be established. An appropriation of \$500,000 out of the treasury for the purpose of paying the expenses of the various boards is a part of the act.

A similar bill has been introduced in the House by Representative Barker, all of which have been referred to the Committee on Interstate and Foreign Commerce of both Houses.

The Public the Big Loser in Strikes

The cost of strikes and lockouts in this country during 1922, as shown in the annual report of the industrial relations committee of the National Association of Manufacturers, was \$7,483,677 and took 29,511,140 working days from the ledger of industrial production. The survey divided the loss thus sustained into three classes: affecting the employer, the employee and the public. The employees

Five-Disc Wheels and Nash Self-Mounting Carrier, \$25 addition

Vital Values! Beneath the handsome body of this Nash Six Touring are significant elements of construction responsible for its superb performance. For example, a carburetor stove completely vaporizes the gasoline and produces an extraordinary volume of smooth, vigorous power. The chassis framework is ruggedly bulwarked by five stalwart crossmembers; two of these are of tubular type. *We urge you to examine the many merits of this model today!*

FOURS and SIXES

CONNELLSVILLE NASH CO.

102 West Crawford Avenue,

Connellsville, Pa.

2729

loss had been placed at \$26,901,113; the workmen's at \$97,823,447, while the public sustained a loss of \$579,114,705. The public, therefore, lost almost five times as much as employer and employee.

The survey also figured the total losses of the eight years from 1916 to 1923, inclusive, basing its totals on data from the United States Bureau of Labor, the records of the Department of Commerce and non-governmental investigating agencies. These figures show that the loss to all classes for the eight years amounted to \$12,722,291,356. In that period 121,329,008 full working days were lost. These financial losses were divided as follows: Employer, \$174,410,262; public, \$9,303,183,845. The employees' losses were figured by multiplying the daily wage by the number of working days lost by those on strike. The loss to the employer was figured from the average of the amount distributed as wages.

The selling value of manufactured articles amounts to nearly six times the total paid out in wages, according to the survey, which thus provided a fair way of computing the loss to the public. In many cases the public's loss was purely financial, but actual suffering either occurred or was threatened by other disasters, notably the coal and railroad strikes. The tremendous cost to all concerned, as evidenced by the estimates of the industrial bureau, should serve as an impressive lesson on the value of arbitration.

S.S.S. keeps away Pimples

You will be compelled to admit that the results of S.S.S. are really amazing!

Did you ever know how big pimples make the hydrant water for you to drink? That's what S.S.S. does to the blood in your own blood-pipes. It

increases your Red Blood Cells. That's the more S.S.S. builds blood, and makes it fit to circulate. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood-purifiers known. You don't have to use home new and tried medicines to cure pimples. You don't have to smear things on your face in a vain effort to get rid of eruptions. Eruptions come from blood impurities and a lack of rich blood cells. S.S.S. builds new blood cells. This is why S.S.S. gets out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter, rash. That's why S.S.S. has done such wonderful work in freeing thousands from the scourge of rheumatism. S.S.S. is also a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes and "pop." S.S.S. is sold at all good drug stores. The more you use it the more economical.

S.S.S. makes you feel like yourself again

135,000,000 TONS COAL MINED IN PENNA. 1923; FAYETTE COUNTY LEADER

A preliminary report on bituminous coal production in the 2,500 soft coal operations in Pennsylvania in 1922, just issued by the State Department of Mines, shows that approximately 135,000,000 tons was mined as compared with 108,210,000 in 1921. The production increased 24,790,000 tons per tonnage reported, 107 lives being lost last year as compared with 121 in 1922. None of the fatalities was caused by gas or dust explosions, a record unequalled in the past quarter of a century, according to Joseph J. Walsh, State Secretary of Mines.

Fayette county led in production with Westmoreland second, Washington third and Cambria fourth. Three hundred and sixty-eight of the deaths were classified as inside and 37 outside fatalities, rock crushing the majority of the inside fatalities. The 335 workers in more than one-half of the mines, were below 180 while the gas worked in 21 of the mines ranged from 175 to 270.

Secretary Walsh says that the comparatively low number of deaths the miners worked was due to one production not only in Pennsylvania but in all the bituminous states. Only 1912 approaches the record of 1922 in the matter of deaths from gas explosions; for in that year but one miner died from gas. The latest number of deaths caused from gas since 1879 was in 1907 when 277 men were killed or fatally injured by gas explosions. In 1919 there were eight fatalities from explosions; in 1922 thirteen; in 1921, two and in 1922 one.

What's the Hurry?

"Why are you adding so many telephones now? Why are you putting up so many new buildings? Why all this expansion? Why not wait until conditions may be more favorable?"

Here's the answer:
We have no control over the demands for telephone service.

As a public utility we must provide a high-grade communication service for those who have telephones; and we must meet the demands for new service when and where they come.

The people of Pennsylvania are saying to us: "We want telephones"—more and more telephones.

There can be only one reply:

"You shall have them—just as quickly as we can place the equipment."

Regardless of difficulties, we must erect buildings, place the wires, cables and switchboards, and other equipment in the shortest time possible.

We have not sought this tremendous construction problem. But we welcome it; for every added telephone gives your telephone more power. We're in business for just that purpose.

Nelson's Meet Girl Champions Tomorrow

Tomorrow the national girl champion basketball team will be in Connellsville. The game will be between the Nelson Girls and the Smith-McDonald Aces of Youngstown, O., a team that has won from the best of female competitors in the United States this year.

In addition to the "four Bohn sisters" there are such other stars on the squad as "Lil" Parker, the Ohio all star girl athlete, "Del" Hewitt, who has also made a name for herself in track and tennis, "Sherry" Smith, former high school and college star in basketball and hockey, and such others as Gee, Dushman, Jones and Aibel.

Some of the teams defeated this year are the Greenville Independents, Warren Elks, Valley League Girl of

Turtle Creek, Favorite Knits of Cleveland, Loudon Shamrocks of Loudon, Ont., and the New Brighton Y. M. C. A.

"Gee" Bohn is captain of the team. She and her sister "Minnie" are very dangerous shots and they will bear watching.

The Aces have scored 318 points this season against 156 for their opponents. It will be a real basketball game, played by girls who know how to play it.

Two good preliminaries are being arranged. The first will be at 7:15 o'clock and the other will be at 8:15 o'clock. The main attraction will open at 9:15 o'clock in order to allow clerks in the city's stores to attend after closing hours.

Connellsville High Is Eliminated by Monessen In Sensational Contest

Cokers Make Great Come-Back in Third Period Only to Lose in Final.

BIG GYM IS THROGGED

Connellsville has been eliminated from the basketball championship of Section Three, W. P. I. A. League, last night succumbed to Monessen's attack in the semi-final round of the title play held in the new Carnegie Tech gymnasium in Pittsburgh.

The battle was fought before more than a thousand spectators, half of which number seemed to be from this city. Had the Cokers won it is likely all of Connellsville would have attended the next clash.

There were two lines in the game when the Cokers went like flashes. The first was at the opening. The locals jumped into a lead in a single short order. It took Monessen time to steady up but the period then ended 8-6 in favor of the Black and White warriors.

This went from bad to worse in the second quarter. While Monessen nearly doubled its score the Cokers made only one point and the half-way mark was the opponents leading 15-8.

There was wild yelling in the Monessen ranks but Connellsville kept up their spirits and the third quarter saw them well rewarded. Somebody must have whispered something to the locals' ears between halves for when the next session opened they completely swept Monessen from their feet. Connellsville pulled the sensational feature of overcoming the seven-point margin and going into a four-point lead before the end of the period. While Monessen was scoring two points the Cokers garnered 13.

The pace seemed to be too slow, however, and the final minute saw the score quickly tied and then Monessen go once more into the lead. Every break seemed to be against Connellsville and the boys battled with desperation. Welsh made a beautiful goal from beyond the center of the floor which was not allowed and that hurt more than all else. Other things of disheartening nature followed and it was simply too much for Connellsville to come back.

Monessen grew stronger as the break in the score widened and like Connellsville won over Tipton last Saturday the Mon River boys defeated the Cokers.

The Coker attack, except in the third period, did not seem to be that force power which has enabled the team to win so often this year against seemingly stronger opponents. Advancing to their own basket the man with the ball too frequently stopped in mid-floor long enough to allow the Monessen defense to form. This was disastrous. In the third period when the sweeping attack was used, better results were obtained, but some things happened in the two-minute intermission that changed the local front.

It was a game replete with sensational shooting. Both sides made some wonderful shots from the floor. It was this excellent form that gave Connellsville the edge in the third period.

In foul shooting the teams were equal, each scoring 12 opportunities, out of twice that many chances it was Monessen's scoring from the floor that did the work.

The line-up:

Monessen—22. Connellsville—21.
 Stahl — F. — Niland
 Deschamps — F. — O'Donnell
 Kent — C. — Lathin
 Dale — G. — George
 Selepchak — G. — Welsh

Field goals—Stahl 5, Kent 2, Deschamps 1, Selepchak 1, Johnston 1, O'Donnell 2, Lathin 3, Niland 1.

Foul goals—Monessen, 12 out of 21; Connellsville, 12 out of 28.

Substitutes—Frank for Dale, Johnston for Deschamps, Wilhelm for Welsh.

Referee—Lippert.
 Umpire—Daugherty.

Yost Is Now Professor

"Prof. Velding H. Yost" is the way Michigan's veteran football mentor may get his mail hereafter. The board of regents of the university made "Hurry Up" a professor of the theory and practice of athletic coaching. The action gives the director of athletics full academic rank on the campus.

Special to The Courier.
 MOUNT PLEASANT, March 14.—The defeat of the Uniontown colored basketball team by the Mount Pleasant Keystones at the armory on Wednesday evening, by a score of 23 to 18, makes the Keystones the champion colored team of Westmoreland and Fayette counties. They have also defeated Mayersdale. The line-up: Keytones—23. Uniontown—18.
 Wilson — F. — Minor
 McKinney — F. — Ford
 Robinson — C. — Tyson
 Swann — G. — Jamison
 Gatewood — G. — Douglas
 Field goals—Wilson 5, McKinney 2, Robinson 2, Minor, Tyson 5.
 Foul goals—Keystones, 9 out of 12; Uniontown, 6 out of 15.

Triangle Athletic Club Is Name Taken By Boxing Promoters

At a recent meeting of the boxing promoters who are trying to put on a boxing show some time during this month an athletic club was organized and named the "Triangle Athletic Club." The definite date could not be settled at the meeting and will be carried over. It was made known that the boxing card is nearly completed, with everyone ready to sign. Several have contracts signed, while others are still awaiting. Jack Brown, the battling Italian of Willmading moola K. O. Yutzy in the main card, with Buck Weaver, local pugilist meeting Dutch Shaffer of Waynesborough, Pa., in the semi-final.

Word has been received from Kid Lester, formerly of here, requesting a return bout with Buck Weaver, who recently knocked him out in the third round. He is fighting in Ohio, under the name of Young Kirk of Columbus, Ohio.

In one of the best imitations of a "Dempsey-Firpo" fight, Young Penzo of McKeesport knocked out Buck Weaver, formerly of Cumberland, Pa., in the third round of a proposed 19 rounder final fight at McKeesport last evening at the Majestic A. C.

Capsten Glass Meets Monarch Five Tonight

The Capsten Glass basketball team will play the Monarchs of Uniontown on the South Connellsville floor tonight. Capsten expects a good game. There will be a preliminary game between the Gibson High School and some opponent not yet announced.

Queen of Skaters

Gladys Roblin, champion skater of Canada, showing her admirers how she lifts her feet to break world's records. Recently Miss Roblin broke the amateur women's record for 100 yards.

Christian Girls Play at Scottdale Saturday Evening

Special to The Courier.
 SCOTSDALE, March 14.—The Scottdale Big Five will have as its opponents here Saturday the Homestead Travelers.

The Christian Girls of Connellsville will meet the Five Basketweavers in the preliminary.

The Suspense Is Ended!
 The automobile trip to Pittsburgh, planned for students of the High School, is off.

The semi-finals of a league titular play-off is further than any High School combination, or any other representative of sports here, ever went. The boys are still due for a lot of credit for carrying on as far as they did. They were not even conceded a chance when the season opened last January.

The Pennsylvania Railroad made a lot of friends yesterday. A score of fans were at the station awaiting the 5:35 o'clock train. It was first marked up 20 minutes late and then this was changed, making the time of arrival 6:20 o'clock. The agent obligingly refunded all money paid for tickets and the fans rushed to the Baltimore & Ohio station just in time to catch the 10:15, which leaves there at 6 o'clock. They were able to secure tickets in Pittsburgh and got out to the game before it started.

The Firemen's Band kept things lively in the Connellsville stands. Monessen had a student band on the grounds.

"Bud" O'Donnell got a severe bump on the nose during the first half. He was considerably hurt for a time but never left the line-up.

School work will probably not get back to normal before Monday. There were too many "cheap heads" today and there was still too much basketball in the minds of the students for normal study.

The Nelson Girls will have a chance to demonstrate their real ability to-morrow night. They must win a few which points and points with the accuracy of first class amateurs.

The Zenith Club will play the Green comets tonight at 8 o'clock at the Armory.

"Dazzy" Shovels Snow

"Dazzy" Vance kept his pitching arm warmed up on a cold day by shoveling snow in front of his cigar store in Omaha, Neb., where the star twirler of the Brooklyn Dodgers—leader of the National League in strikeouts last season—is enjoying a highly profitable business.

Buzynkiewicz, Argentine, has named a friend after Firpo. When shall we hear Jack Dempsey by christening a thoroughbred Whiffard boulevard?

Orin Miller, popular author, for many years with Broadway and last year manager of the Atlanta team, has signed to play with Indianapolis.

The fact that the Baltimore team of the International League had a combined history average of .310 is proof why the club finished in first place.

Split Season Plan in the National League

A fact of which few baseball fans are aware is that the National League once adopted the split season plan, which in recent years has become popular with some of the little organizations. It was back in 1894 that the parent league divided its season into two parts. Cleveland won the first half and Boston the second. Boston was awarded the pennant for having won the greater number of games for the whole season.

ZEN of the Y. D.

A Novel of the Pothills

By ROBERT STEAD

"The Cow Boy," "The Homesteaders," "Neighbors," etc.

Copyright by ROBERT STEAD

With a dexterous spurring he brought his horse alongside and threw an arm about Zen before she could beat him off. She used her whip at short range on his face, but had not success in which to land a blow. They were at-ripp-deep in water, and as they struggled the horses edged in deeper still. Finding that she could not beat Drak off Zen clutched her saddle and drove the spurs into her horse. At this unaccustomed treatment he plunged wildly forward, but Drak's grip on her was too strong to be broken. The maneuver had, however, the effect of unlashing Drak. He fell in the water, but kept his grip on Zen. With his free hand he still had the reins of his own horse, and he managed also to get hold of hers. Although her horse was plunging and jumping, Drak's strong grip on his rein kept him from breaking away.

"You fight well, Zen, don't you?" you fight well," he cried. "So you might. You played with me—you made a fool of me. Well, see who's the fool in the end." With a mighty wrench he tore her from her saddle and she found herself struggling with him in the water.

"If I put you under for a minute I guess you'll be good," he threatened. "I'll half drown you, Zen, if I have to."

"Go ahead," she challenged. "I'll drown myself, if I have to."

"Not just yet, Zen; not just yet. Afterwards you can do as you like."

In their struggles they had been getting gradually into deeper water. At this moment they found their feet carried free, and the horses began to swim for the shore. Drak held both reins with one hand, still clutching his victim with the other. More than once they went under water together and came up half choking.

Zen was not a good swimmer, but she would gladly have broken away and taken chances with the current. Once on land she would be at his mercy. She was using her head frantically, but could think of no device to tell him. It was not her practice to carry weapons; her whip had already gone down the stream. Presently she saw a long leather thong floating out from the saddle of Drak's horse. It was no larger than a whip-lash; apparently it was a spare lace which Drak carried, and which had worked loose in the struggle. It was floating close to Drak.

"Don't let me sink, George!" she cried frantically, in sudden fright. "Save me! I won't sink any more!"

"That's better," he said, drawing her up to him. "I knew you'd come to your senses."

Her hand reached the lash. With a quick motion of the arm, such as is given in throwing a rope, she had looped it once around his neck. Then, pulling the lash violently, she fought herself out of his grip. He clutched at her wildly, but could reach only some stray locks of her brown hair which had broken loose and were floating on the water.

She saw his eyes grow round and big and horrified; saw his mouth open and refuse to close; heard strange little gurgles and chokings. But she did not let go.

"When you loomed me this morning I promised to settle with you; I did not expect to have the chance so soon."

His head had gone under water. Suddenly she realized that he was drowning. She let go of the thong, clutched her horse's tail, and was pulled quickly ashore.

Sitting on the gravel, she tried to think. Drak had disappeared; his horse had landed somewhat farther down. Doubtless Drak had drowned. Yes, that would be the explanation. Why change it?

Zen turned it over in her mind. Why make any explanation? It would be a good thing to forget. She could not have done otherwise under the circumstances; no jury would expect her to do otherwise. But why trouble a jury about it?

"What was what was coming to him," she said to herself presently. She admitted no secret. On the contrary, her laborer self-confidence, her assurance that she could take care of herself under any circumstances, seemed to be strengthened by the experience.

She got up, drew her hair into some kind of shape, and scrambled a little way up the steep bank. Clonds of smoke were rolling up the valley. She did not grasp the significance of the fact at the first glance, but in a moment it impacted home to her. The wind had changed! Her help now would be needed, not by Mrs. Landerson, but probably at their own camp. She sprang on her horse, recrossed the stream, and set out on a gallop for the camp. On the way she had to rise through one thin line of fire, which she accomplished successfully. Through the smoke she could dimly see Trimble's gang lighting the back fires. She knew that was in good hands and hastened on to the camp. Zen had had plenty of experience enough to know that in hours like this there is almost sure to be something or somebody in vital need, overlooked.

She galloped into the camp and found only Tompkins there. He had already run a little back-fire in protection the tents and the chuck-wagon.

"How goes it, Tompkins?" she cried, hurrying upon him like a courier from battle.

"All set here, ma'am," he answered.

"All set here, ma'am," he answered.

"All set here, ma'am," he answered.

"All set here, ma'am," he answered.

Belding's Enduring Silks

Nanette, 30 in., \$3.25 Yd.—Notable for its soft lustre, draping qualities and distinctive weave. A sturdy silk suited for dresses of which hard wear is demanded. Yard \$3.25.

"All set and safe. But they'll never hold the main fire till you get the valley h-I-u-e-o-o-tin!—beggin' your pardon, ma'am."

"Anyone live up the valley?"
 "There is. There's the Lints—squatters about six miles up—it was from them I got the cream an' fresh eggs you was good enough to notice, ma'am. An' there's no men folks about 'em but Mrs. Lint an' a young herd of little Lints; least, that's all was there last night."

"I must go up," said Zen, with instant decision. "I can get there before the fire, and as the Lints are evidently

farmers there will be some plowed land, or at least a plow with which to run a furrow so that we can start a back-fire. Direct me."

Tompkins directed her as to the way, and, leaving a word of explanation to be passed on to her father, she was off. A half hour's hard riding brought her to Lints, but she found that this careful settler had made full provision against such a contingency as was now come about. The farm buildings, implements, stables, everything was surrounded, not by a fire-guard, but by a broad plowed field. Mrs. Lint, however, was little less thankful for Zen's interest than she would have been had their little straggling been in danger. She presented Zen to wait and have at least a cup of tea, and the girl, knowing that she could be of little or no service down the valley, allowed herself to be persuaded. In this little harbor of quiet her mind began to arrange the day's events. The tragic happening at the river was as yet too recent to appear real; had it not been for the touch of her wet clothing Zen could have thought it all an unhappy dream of days ago. She reflected that neither Tompkins nor Mrs. Lint had commented upon her appearance. The hot sun had soon dried her outer apparel, and her general disheveled condition was not remarkable on such a day as this.

All Beaumal Topcoats are weatherproofed, but that's just one of the good features about them. They are so excellently tailored that they fit well and retain their shape. We have an unusually large selection for you to choose from, in both the hard wearing Cross-twist and handsome soft woven woolsens.

Hundreds of Linemen Rushed Here, Making Good Progress In Cleaning Up Wreckage Left In the Storm's Wake

West Penn Hopes to Get Cars Through to Heals Tonight.

The West Penn men were working all night long to get the cars through to the heels of the storm. The snow was so deep that it was almost impossible to get the cars through. The men were working hard to get the cars through to the heels of the storm.

Conservative Estimate of Losses at \$500,000

West Penn Trolley and Light Service Expected to Be Resumed This Afternoon—Telephone Communication Being Established Slowly—No Possibility of Accidents as Yet—Damage Wrought—Damage of Storm Reports from All Over Region.

WEST PENN IS DOING BEST TO RESTORE LIGHTS

Power Being Furnished By West Penn To All Consumers

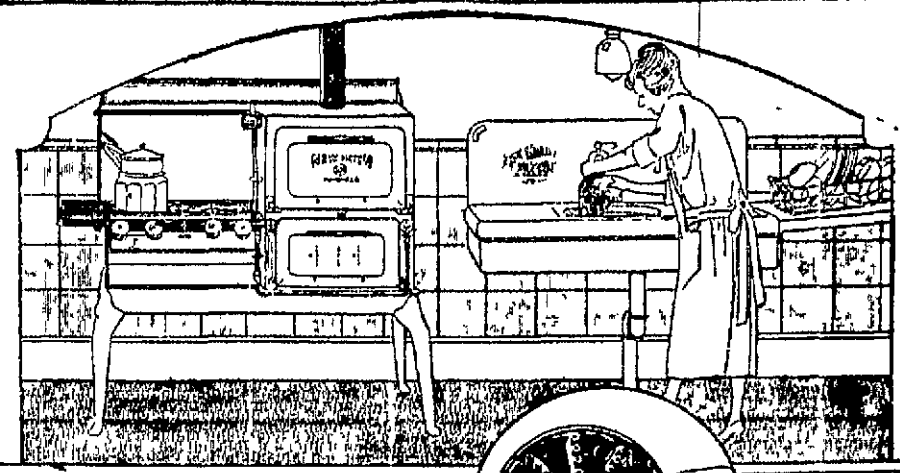

DURING the recent sleet storm the Coke Region was practically cut off from the rest of the world. The newspapers were full of the details of the manner in which the West Penn System was striving to meet the requirements of this extraordinary situation.

Performing hourly almost impossible tasks,

the company restored Railway, Lighting and Power service to the disabled area in a very short time.

The manner in which this emergency was handled and the fact that no expense was spared in meeting it, demonstrates again the quality of SERVICE which the West Penn System strives to render.

West Penn System

Don't Lift Pots and Kettles Move the Burners!

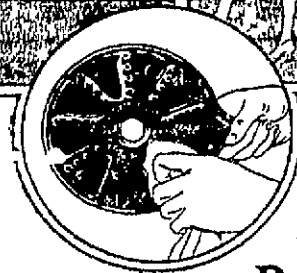

Every New Method Range has the most little conveniences. For instance, the Swinging Summering Burner and Lighter.

Note in illustration how it can be swung from one front burner to the other. No need of lifting pots to accommodate the position of the summering burner. A light touch swings the summering burner to where you want it. Acts also as a lighter—a wonderfully convenient attachment that comes with every New Method Range.

See our New Method Range display and learn all about the five out standing patented features listed in the right hand column of this advertisement.

And when you come in be sure to see the New Method Ranged Stove Burner. You know that all other burners are common. The New Method Burner is vitreous enameled, tempered steel and guaranteed for five years. Saves from 20% to 40% on gas bills and is easy to keep clean. Be sure to see this burner.

These and other features not found on any other range are all yours if you own a New Method and not a single one costs you a more. Come in and let us show you.

5 Patented Features

Enamelled Steel Burner. Consumes gas three times as much as other burners. Instantly removable for washing. Prated inside for five years.

Swinging Summering Burner and Lighter. Swings from one front burner to the other. Instead of lifting pots, a light touch swings the summering burner to where you want it. Also a lighter which is where you want it.

Baking Oven. Allows for not only cooking, but also for broiling. No warping or burning. Absolutely even heat. Baking rack is hinged on top for turning in a moment.

Broiling Oven. This burner at each side extending front to back flame covering entire top of broiling space. Lighted from instant. No possibility of explosion.

Counterbalanced Oven Door. No springs or latches to break. Can be opened or closed perfectly balanced door that is always a source of convenience to the housewife.

LABOR UNIONS HAVE BEEN SUCCESSFUL WITH THEIR BANKS

Brotherhood of Locomotive Engineers Own or Control Seven.

RESOURCES \$30,000,000

By J. M. EYEDER
(United Press Staff Correspondent)
CLEVELAND, O., March 14.—The final success of labor in capitalistic enterprises is the outstanding development in the progress of workers' organizations in this country, according to Albert F. Coyle, editor of the Brotherhood of Locomotive Engineers Journal.

"The greatest concern of the brotherhood today is the mobilization of the money and credit power of the workers in their own cooperative banks," Coyle said in an interview with the United Press.

"Labor has invaded the fields of capitalistic enterprise. The initial success is the outstanding development in the progress of workers' organizations in this country.

"The Brotherhood of Locomotive Engineers now owns or controls seven cooperative banks, with combined assets exceeding \$30,000,000, and has a substantial interest in the Empire Trust Company of New York and London.

Coyle cited figures to show the success of labor banks of Locomotive Engineers Cooperative National Bank of Cleveland, Ohio was started November 1, 1920, with a paid in capital of \$500,000. Coyle said. "It expanded at the rate of a million dollars a month, establishing a record in the history of national banking in America. At the end of its first year, assets totaled \$10,234,000. Today they exceed \$20,000,000 and the bank continues to grow like Jack's beanstalk.

"The success of the banks, is due largely to the cooperation of the 85,000 members of the brotherhood."

Coyle sketched briefly the history of the brotherhood organization.

"The railroad history of the United States began in 1830 with the laying of 23 miles of track. By the middle of the century 9,000 miles of track had been laid. From this time on the railroads of the country grew rapidly and railroading became one of the nation's big industries.

"As in many new and rapidly expanding industries, the welfare of the workers was largely ignored in the rush for material prosperity. Many abuses grew up because of the helplessness and disorganization of railway labor. Petty railroad officials used their positions to compel employees to buy certain makes of watches, certain make of uniforms, on the sale of which they received fat commissions.

"Hours were irregular and promotions and pay unsatisfactory to the workers.

"In order to end this system of exploitation, 68 engineers from 13 states assembled at Baltimore in November, 1895, for creation of 'The National Protective Association' on the 45 railroads they represented. This was the first step toward the organization of railroad employees in America.

"The National Protective Association dissolved during the Civil War. On May 6, 1863, another organization meeting was held at Detroit, Mich. The engineer delegates organized the 'Brotherhood of the Foot-Board' and elected William D. Robinson, Chief Engineer.

"At the meeting in Indianapolis, August 18, 1864, the name of the organization changed to the Brotherhood of Locomotive Engineers.

KI-MOIDS

FOR INDIGESTION

Brother of Locomotive Engineers.

"The membership in the brotherhood was 4,500 in 1880; 9,500 in 1873 and has grown to 85,000 today.

"The Locomotive Engineers Mutual Life and Accident Insurance Association was established December 2, 1887.

"Loans from the insurance association now total \$54,730. The total claims paid to January 1, 1924 were nearly fifty-million dollars.

"Following the establishment of a labor bank, the brotherhood went into other financial enterprises. The Brotherhood Investment Company, capitalizing at \$10,000,000 was formed in January, 1923.

"The brotherhood owns a 11-story building valued at \$3,000,000 in Cleveland. The building is used as the international headquarters. The engineers also own a printing shop and six coal mines in West Virginia and Kentucky."

"The present grand officers are: W. S. Stone, Grand Chief Engineer; W. H. Wells, P. A. Burgess, Ish Kennedy, L. G. Gehling, M. B. Montgomery, H. P. Daugherty, A. Johnson, S. H. Huff, Assistant Grand Chief Engineers; W. B. Prenter, General Secretary and Treasurer; W. E. Futch, president Insurance Department; C. E. Richards, secretary and treasurer, Insurance Department; and Albert F. Coyle, editor of the Brotherhood Journal.

The next brotherhood biennial convention will be held in Cleveland, opening Monday, June 2, 1924. The present staff of officers probably will be re-elected.
